Meetings

Fifth Meeting
Wednesday, 16ᵗʰ of February, 2022
Attendance:
- Astour, Krikor
- Kallas, Christina
- Loerick-Roger, Kerian

Decisions:

> Splitting the work for Deliverable 02:
- Andy:
    - Front Matter
    - Executive Overview
- Christina and Kerian:
    - Open Questions
    - Questionnaire
- Veaceslav and Krikor
    - About (description of business domain, business environment, business problem and references)

> Need another meeting with the client about requirements and questionnaires for Deliverable 02

Work done:
- Before the meeting:
    - Kerian and Christina made a list of questions to ask the client for Deliverable 02
- Christina, Kerian and Krikor attended a meeting with the client:
    - Kerian asked the questions
    - Christina took all the notes
    - Christina did the minutes report for this meeting
- DURING THE DELIVERABLE (due the 18ᵗʰ of February):
    - Kerian & Christina:
        - Executive Overview
    - Chrisitna:
        - Open Questions
        - Questionnaire
        - Front Matter
        - Final Overview and edit of the project
    - Krikor and Veaceslav:
        - About (description of business domain, business environment, business problem and references)

Sixth Meeting
Wednesday, 23rd of February, 2022
Attendance:
- Astour, Krikor
- Kallas, Christina
- Loerick-Roger, Kerian

Decisions:
> Team decided how to go about the deliverable 03
- 2 days to do UML
- 2 days for the Flow Chart
- 3 days for the Use Case information charts
- 2 days to finish the actual deliverable document

** Note that the reason we did not split the work on who does what is because of conflicting schedules, we need a timeline and not a split project

Work Done:
- The minutes report was done by Christina
- The decision was made as a consensus

Work done outside of meeting no6 before the next meeting

Between the 23rd and 28th of February

Work done:

- Christina worked on the UML:
    - Began the Overview UML page (not finished)
    - Login Feature UML
    - Creating User Feature UML
    - Completing Purchase Feature UML
    - Began the Admin Control Feature UML (not finished)
- Kerian & Veaceslav:
    - Prepared third questionnaire for next meeting with client
- Kerian & Krikor:
    - Continued the Overview UML page (not finished)
    - Edited the Login Feature UML
    - Edited the Complete a Purchase Feature UML
    - Edited the Creating an account Feature UML
    - Created and (mostly) finished the FlowChart
- Christina:
    - Worked on Team Logbook
- Krikor:
    - Edited the Gantt Chart to accommodate changes made

1st of March – At school together:

- Christina, Kerian and Krikor
    - Discussed how to go about finishing the deliverable
    - Brought changes to the questionnaire for our client
    - Small changes to the UML
- Kerian:
    - Class Diagram
    -

2nd of March – At home Separately:

- Andy:
    - Front Matter of Deliverable03
- Veaceslav:
    - Update the Gantt Chart from Deliverable01

- Christina:
    - Worked on the descriptive Use Case tables:
        - LT-CreateUser (Creating User)
        - LT-Login (Login)
        - LT-Promo (Sending Promotional Emails)
        - LT-Contact (Sending Emails to the Admin)
        - LT-CheckoutWithPaypal (Checking out with Paypal)
        - LT-CheckoutWithCard (Checking out with a card)
        - LT-AddProduct (Adding a Product)
        - LT-UpdateProduct (Updating a Product)
        - LT-RemoveProduct(Removing a Product)
        - LT-ManageOrders (Managing Orders)
        - LT-EditProfile (Editing Customer Profile)
        - LT-RemoveFromCart (Removing Item from Cart)
        - LT-ViewPromos (View Customers who have Promotions)
- Krikor:
    - Continued Class Diagram
    - Fixed issues within the flowchart

3rd of March:

Student	At home, separately	In class, together

Christina Kallas	> Worked on the descriptive Use Case tables:
	   - LT-EditProfile (Editing Customer Profile)
	   - LT-RemoveFromCart (Removing Item from Cart)

	   - Summary of the Client (finished)
	   - Business Problem (finished)
	   - Narrative Description (started but incomplete)
	   - Appendix 2 (UML Templates – completed)
		> Worked on Deliverable03:
		   - Executive Overview
		   - Appendix 6 (Empty due to client's discomfort)

Krikor	> Worked on the UML - Working on the admin UML page	> Editing the Class Diagram > Editing the Flow Chart > Final Edits to the UML

Andy	N/A	N/A – Did not show up
Veaceslav	N/A	N/A – Did not show up
Kerian	N/A	> Editing the Class Diagram > Edit the Flow Chart > Added Screenshots for Appendix 1,3 and 4/5

Before Meeting 07:
- Andy transferred GitHub repository ownership to Christina (as per her request)
- Christina Edited a section in Deliverable03
- Christina planned the meeting agenda and split the work evenly for her team as team leader for deliverable 04
- Christina worked on deliverable04
  - Front Matter
  - Description of the future system information (done by mistake in deliverable 03)
- Christina Edited the README.md file in GitHub

Meeting no 07
8th of March, 2022

Attendance:

- Astour, Krikor
- Kallas, Christina
- Loerick-Roger, Kerian
- Vlas, Veaceslav

Decisions:

- No help from fifth member

- Split work:
  - Veaceslav:
    - > Executive Overview
    - > Appendx 01 - User stories (whole team)
    - > Appendix 03 - Story Mapping (With Kerian)
  - Kerian:
    - > Business Problem
    - > Appendx 01 - User stories (whole team)
    - > Appendix 03 - Story Mapping (With Veaceslav)
  - Krikor:
    - > Description of Client
    - > Appendx 01 - User stories (whole team)
    - > Appendix 02 - Acceptance Tests (With Christina)
  - Christina:
    - > Description of Future System Information
    - > Appendx 01 - User stories (whole team)
    - > Appendix 02 - Acceptance Tests (With Krikor)
- Future Timeline:
  - Wednesday the 9th we finish User stories
  - Wednesday the 23rd we finish the Appendices
  - Between Wednesday the 23rd and Friday the 25th final corrections and overviews

Work done:

- Kerian (before meeting):
    - Update Class Diagram
        - Add view products
        - Edit subclasses hat and bag
